

IN THE DRAWINGS:

Please replace original Figure 2 with the attached replacement Figure 2, which corrects the reference numeral 231 on the lower right side of the figure to be reference numeral 230' to properly correlate to the corrected reference numeral submitted herein in line 8, paragraph [0036].

REMARKS

By this Rule 312 Amendment, the Applicants respectfully request amendment of the specification to amend paragraph [0036] to correct a reference numeral for the second thermal insulation assembly from "231" to --230'--. A replacement drawing for Figure 2 is also submitted to correct the reference numeral in the drawing so that it is consistent with the amended reference numeral in paragraph [0036]. Applicants have also amended paragraph [0059] to correct a typographical error of the reference numeral for the upper assembly. Specifically, "285" is changed to --284--.

Finally, Applicants have identified an error in the Rule 312 Amendment filed on March 1, 2005, pertaining to the change made to paragraph [0067], which should have read "paragraph [0065]" to include the serial number and filing date of the application referred to in that paragraph. Applicants regret any inconvenience this oversight may have caused.

This Rule 312 Amendment does not require further searching by the Examiner since the changes are purely formal in nature. Accordingly, the submission of this Rule 312 Amendment should not hinder allowance of this application as a United States Patent.

If there are any fees due in connection with the filing of this paper that are not otherwise accounted for, please charge our Deposit Account No. 03-3975 and refer to Order No. 071469-0306773.

Respectfully submitted,

PILLSBURY WINTHROP SHAW
